

## International Conference on Pollution Control for Clean Environment (ICPCCE-2023)

(15-16 December)

### Indian Institute of Technology Bhubaneswar

(List of Registered Author)

Paper ID	Mode	Registered Author Name	Paper Title
5	Offline	Dr Anil Dutt Vyas	Feasibility of Sewage Treatment Plant with changing influent characteristics and quantity
13	Offline	Ch. Hari Naga Prasad	Geotechnical Characterization of Municipal Solid Waste in Raipur City
15	Offline	Sunanda Sarkar	Assessment of Physicochemical Characteristics and Groundwater Pollution Potential of Urban Landfill Leachate
16	Offline	Sunanda Sarkar	Effect of Seasonal Changes on Leachate Characteristics of Municipal Solid Waste Landfill
17	Offline	Tanikonda Nishanth Kumar	Congo red dye removal from aqueous solution using non-thermal plasma
18	Offline	Pramod Kumar Parida	Natural Luffa Fiber Composite: A Path to Sustainable Resource Deployment
20	Online	Bhaskar Sengupta	Development of 3-D Surface Cost Response Maps for Predicting Rapid Costs of Biological Wastewater Treatment using Moving Bed Biofilm Reactors
21	Offline	Dr. Shashank Srivastava	Removal of Heavy Metals from Sewage Sludge by using Zeolite Socony Mobil-5
22	Online	Gaurav Verma	Potential of Cement Kiln Dust as Alternative Material to BOF Slag in Landfill Biogeochemical Cover for Carbon Dioxide Sequestration
23	Online	Subhalaxmi Sahoo	Removal of Congo Red from Synthetic Wastewater by Ridge Gourd Fiber as Adsorbent
25	Offline	Sajeed I. Ghanchi	A Statistical Analysis of PM2.5 Pollutant in Different Areas of Gandhinagar and Ahmedabad, Gujarat, India: Trends, Violations, and Seasonal Variations
26	Offline	Pragyan Parmita Das	Optimization of biogas production through anaerobic Co-digestion of food wastes and chicken manure: A kinetic study and economic analysis
26	Offline	Pujarini Samal	Optimization of biogas production through anaerobic Co-digestion of food wastes and chicken manure: A kinetic study and economic analysis
26	Offline	Rakesh Kumar Samantaray	Optimization of biogas production through anaerobic Co-digestion of food wastes and chicken manure: A kinetic study and economic analysis
27	Offline	Samrat Santra	Exploring the Variations of Ozone Pollution and Influencing Factors Along NH-16 in Kharappur, West Bengal, India
29	Offline	Namrata Mishra	CFD simulation of airflow and pollutant dispersion in long street canyons
33	Online	Shreya Singh	Assessment of Urban Water Bodies Health Using Water Quality and Ocular Surveys in Sambalpur, Odisha.
34	Offline	Rahul Kumar	Assessing the Impact of Floods and Storms on Water Sources
35	Offline	Nikhilesh Nagare	Extended Producer Responsibility for Plastic Waste Management in Developing Countries - An Indian Context
36	Offline	Harshvardhan Soni	Review of Decentralized Wastewater Treatment Technologies and Systems
38	Offline	Shubham Sharma	Assessment of exposure to Fine Particulate Matter, Specifically Silica, in a Stone Crushing unit: A case study at Neem Ka Thana District, Rajasthan
39	Offline	Mipham Jigmet	Economical solutions to revitalize rivers: A review on in-situ drain treatment technologies
40	Online	Apeksha Madhukar	MOS based Sensor technology for monitoring and controlling of gaseous pollutants
41	Offline	Kalyan Chatterjee	FaLLU: Federated Learning-based LSU Model for Smart Cities Air Quality Forecasting
42	Offline	Chander Mohan	Sustainable Strategies for Climate Change, Energy Demands, and Waste Management
44	Offline	Rakesh Kumar Panda	Performance evaluation of Semi-Dry Flue gas desulfurization in Pulverised-coal fired boiler
47	Online	Bibhu Prasad Lenka	Sustainable recycled aggregate concrete using GGBFS as replacement of binder- A review on compressive strength and microstructural properties.
48	Online	Sakshi Vijay	Catalyzing Diesel Exhaust through Discharge Plasma in a reactor packed with lignite ash/waste ceramic tiles: role of Pellet diameter on DeNOX efficiency
49	Offline	Deval Singh	Status of Municipal Solid Waste Litter Management in India: Challenges, Opportunities and Environmental Threats
52	Offline	Dr. G. Kumar	Environmental Impact and Assessment of Groundwater Quality around Salem District, Tamil Nadu: A Special reference through WQI (Water Quality Index) using spatially Analysis
54	Offline	Sukalyan Chakraborty	Characterization and Source Apportionment of Microplastic Contamination in Water Reservoirs: A case study in Ranchi, India
55	Offline	Prashant Nawale	Comparative Study of Testing Indigenous Air Filters for Coarse and Fine PM Removal
60	Offline	Mala Kumari	Environmental Challenges in Coal Mining: Investigation Dust Pollution, Heavy Metals, and Sustainable Remediation with Indigenous Plant
61	Offline	Chinmayee Das	Photocatalytic Degradation of Sulfamethoxazole in Aqueous Solution by 3D Porous MoS <sub>2</sub> Decorated Graphene Aerogels
62	Online	Dr Virender Singh Phogat	TECHNOLOGICAL SOLUTION FOR SEWAGE DISPOSAL IN HIGH ALTITUDE AREA
63	Offline	Thulluru Lakshmi Pathi	Synthesis and application of iron-impregnated anaerobic sludge-based hydrochar electrocatalyst for enhanced performance in microbial fuel cell
66	Offline	Putul Haldar	Experimental Investigation of Photocatalytic Efficiency of TiO <sub>2</sub> in Reducing Urban Air Pollutior
66	Offline	Dr Indramani Dhada	Experimental Investigation of Photocatalytic Efficiency of TiO <sub>2</sub> in Reducing Urban Air Pollutior

67	Offline	Sweta Dey	RaCe: Reinforcement Learning-based Indoor Air Pollution Control System
69	Offline	Rahul Biswal	Machine Learning-based Prediction of liquid fuel production by Co-pyrolysis of Medical waste plastics and Delonix regia
69	Offline	Amitrakshya Baral	Machine Learning-based Prediction of liquid fuel production by Co-pyrolysis of Medical waste plastics and Delonix regia
71	Online	Yashvir	Understanding Variations in Physiochemical Water Quality Parameters of the Yamuna River in Delhi NCR: A Comparative Approach
72	Offline	Dr. (Ms.) Surya Singh	Microplastics: Occurrence and Characterization in Soil Matrices of Central India
73	Offline	Prashant Sidramayya Swami	Interaction of Plant- soil microorganisms in agriculture and soil enrichment
74	Online	Bayya Bhavani	Green: Green Approximate Computing for Next Generation Sustainability
75	Offline	Hema Bhatt	Mercury Dynamics in the Third Pole
76	Online	Chiranjit Singha	Performance evaluation of different carriers for wastewater treatment in a Sequencing Batch Moving Bed Biofilm Reactor
79	Offline	Dipa Das	Comparative Analysis of CO2 Adsorption Capacity for Amine-Modified Activated Carbon Prepared from Jujube Seed
80	Online	Rajani Digambar Mudgundi	WATER QUALITY ASSESSMENT AND SOLUTION TO WATER ISSUES: A CASE STUDY OF HATTUR VILLAGE
82	Online	Pavitra Chandrakant Mirjankar	Impact of Potential Toxic Heavy Metals Pollution on the Estuarine Ecosystems of India: A Review
83	Online	Sankula Madhava	Nonlinear Autoregressive Neural Network application for Mean Annual Temperature Prediction
84	Offline	Aritri Roy	Apatite's Carbon Quest: From Carbon Capture to Green Construction
85	Online	Vasudha V	Ion exchanger-supported metal nanoparticles for the removal of Lead, Cadmium, Chromium, and Arsenic from contaminated water: A Re-view
86	Offline	Priyanka	Benzo Alpha Pyrene Inventory in Different Environmental Medias, India
88	Online	Dr. Asma Iqbal	Adsorption of wastewater pollutants by microplastics
94	Offline	Manisha Sain	Photocatalytic degradation of bisphenol-A by rGO/g-C3N4/TiO2 under visible light irradiation
95	Online	Kundan Kumar	Comparative surface water quality assessment in selected dams of Ranchi district Jharkhand
99	Online	Ilma Arshad	Appraisal of hydrochemical characteristics and groundwater quality in parts of Shahjahanpur, Uttar Pradesh, India
100	Offline	Rutvik Kumar	Predictive Modelling of Biodiesel Production from Waste through Transesterification
101	Offline	Rejeti Venkata Srinadh	Congo Red Removal from Aqueous Solution using Magnetic Hemp hurd Biochar produced through Microwave Pyrolysis
102	Offline	Saroj Kanta Behera	Effect of traffic and vehicular attributes on on-road particulate exposure
104	Offline	Mrinal Kanti Biswas	Mechanism of sewage stabilization in the single pond system(s) of East Kolkata Wetland (EKW): A critical review'
107	Online	Aritra Gupta	MUNICIPAL SOLID WASTE DISPOSAL SITE INVESTIGATION USING GIS: A CASE STUDY IN MEMARI TOWN, WEST BENGAL
108	Offline	Sudeep Kumar Mishra	Performance and Mechanism of Vertical-Baffled Horizontal Sub-Surface Constructed Wetland for Rice Mill Wastewater Treatment
109	Online	Mario Vito Lincy G	A sustainable 3D g-C3N4/WS2 photocatalyst for treating pharmaceutical wastewater
110	Online	Abhiram Bulusu	An Empirical study of sewage issues and management systems in a rural village of India
112	Online	Afreen Haidery	A comprehensive evaluation of groundwater vulnerability and pollution potential in the upper Swarnrekha River watershed - with emphasis on lineament density
113	Offline	Ipsita Dipamitra Behera	Sustainable Bioremediation Approaches for Petroleum Hydrocarbon Contaminated Agricultural Land: A Review
118	Offline	Upasana Priyadarshini	Solar Photocatalytic Treatment for the Degradation of Ciprofloxacin using Modified TiO2
119	Offline	Rakesh Roshan Dash	Assessment of Riverbank Filtration at Rushikulya River in Odisha, India
120	Offline	Upasana Priyadarshini	Microwave coupled oxidation for soft drink industry wastewater treatment
121	Online	Massarat Majeed	Extraction of Value-added Type-I Collagen from the Skin Waste of Rohu Fish (Labeo rohita)
122	Offline	Kartik Saini	Addressing the Climate Change Through CO2 Sequestration of GGBFS Added Concrete
123	Offline	Hemant Goyal	Electrocoagulation based technology for remediation of arsenic and fluoride from groundwater: An environmental friendly and economically sustainable option
126	Online	Christy K Benny	Role of Plants in Treating Textile Effluents Using Constructed Wetlands
127	Offline	Rakesh Roshan Dash	Spatial Analysis of Hydroclimate Change on Climate Resilient Agriculture Strategy in Ajoy River Basin, India
128	Offline	Unnikrishna Menon	Comparative assessment of softwood biochar via various thermochemical conversion technologies: A Physicochemical characterization study
129	Online	P. Sanghamitra	Assessment of surface and ground water quality of Bhawanipatna town using water quality index
130	Online	Samala Suraj Kumar	Smart Green Data Center for Harnessing IoT with Sustainable Operations
133	Offline	Dr. Venugopal M M	Experimental Prediction of Air Pollutant dispersion in a Simplified Built Environment

137	Online	Mohd Anas Aqeel	Cadmium (II) removal in a Electrocoagulation reactor: Parametric optimization by response surface methodology
140	Offline	Nazneen	Assessment of personal exposures to fine, ultrafine and black carbon particles to highway toll plaza workers in India
141	Online	Atulkumar Yashwant Auti	Demand Side Management (DSM) by energy efficiency in operation and new technology to reduce GHG emission under the climate change mitigation in Pharmaceutical industries- Case study
142	Online	Sagar Gupta	Inconsistent air pollution data, haphazard industrial growth, a challenge for healthier air purity index for Jaipur City
144	Online	Anshu Meena	Evaluation of the efficiency of Dosage for different Coagulant in Greywater for local reuse
146	Offline	Ankit Singh	Performance Evaluation of Sequencing Batch Reactor for Treatment of Rice Mill Wastewater using Aerobic Granulation
147	Offline	Divyesh Parde	Domestic Wastewater Treatment by Integrating UASB and Anammox-MBBR Technology
148	Offline	Praveen Rajpurohit	Treatment of Domestic Wastewater using Constructed wetland coupled microbial fuel cell (CW-MFC)
149	Online	Mangesh Damodar Zavare	Sustainability in Foundry Industry by Greenhouse Gas Reduction Through Energy Efficiency and Optimization - Case Stud
151	Offline	Shalini Priya	Impact of COVID-19 on Tropospheric ozone over Jharkhand state, India
153	Online	Siba Sankar Chanda	A comprehensive review on sustainable development of lightweight geopolymer concrete using different environmental wastes
155	Offline	Dr. Abhliash T. Nair	Coagulation of Dye Wastewater: Statistical Optimization Using Response Surface Methodology
157	Online	Guntakala Venkatanaga Chandra	Assessment of Groundwater Quality using risk analysis in Coal Mining area
158	Offline	P. Selvakumar	Temporal water quality optimization of single reservoir operation
159	Offline	Mohd Yousuf	Assessment of groundwater quality in parts of Sarda-Ghaqhara interfluvium, Lakhimpur District, Uttar Pradesh
160	Offline	Akash Devendra Atnurkar	Monitoring the Local Environmental Impacts of 2023 Summer Heat Wave using Remote Sensing Datasets
161	Online	Ananya Sen	Insights from CMIP6 for Pollution Potential over IGF
162	Online	Akhiladas E K	Sustainable Remediation Strategies for Petroleum Refinery Wastewater: An In-Depth Analysis of Constructed Wetlands - A Review
164	Online	Sarita Kalla	Performance study of membrane distillation membrane for salt removal
165	Online	Mandadi Sriya Reddy	Comprehensive Approaches for PM2.5 Concentration Prediction in Urbanized and Industrialized Regions: Machine Learning and Deep Learning Solutions
166	Offline	Dr. Kurella Swamy	Recent developments in removal of heavy metals from wastewater by nanoadsorbents – A mini review
168	Offline	Soumyadeep Bhaduri	Earthen cation exchange membrane modification with sugarcane bagasse ash for enhancing performance of microbial fuel cells
171	Online	Dr. Ramesh Asapu	Montmorillonite clay based solar photocatalytic differential reactors for dye degradation: Rate estimation
173	Online	Subrat Ranjan Pathi	Causes, Effects and Remedies of Air pollution in Metro Cities of India: A case study
93	Online	Dr (Ku.) JEMINI KHATIK	Assessment of toxic heavy metals in soils, around oil refinery, Bina District Sagar, Central India
45	Offline	Disha Joshi	Parameters Influencing the Performance and Performance Evaluation of a Municipal Solid Waste Incineration System: A Comprehensive Analysis in Indian Context
105	Online	Jharana Pradhan	Impact of alkali activator types on fresh properties of GGBFS-based Self-Compacting Geopolymer concrete under ambient temperature
132	Online	Ranjita Das	Influence of Curing Conditions on Self-Compacting Geopolymer Concrete Properties
103	Online	Deepak Ranjan Mohapatra	Behavior of ferrochrome sand in the fresh characteristics of GGBFS-fly ash-based self-compacting geopolymer concrete
163	Online	Mainak Maiti	A Laboratory Scale Anaerobic Filter Study for Treatment of Fish Market Wastewater
57	Offline	Aritra Majumder	Application of Life Cycle Assessment (LCA) in Vernacular Architecture: A Critical Review
12	Online	Prachi Dessai	Pharmaceutical Pollution in Indian Waters: An Emerging Environmental Challenge
28	Online	Jagadeesh Kumar Janga	Application of Artificial Intelligence for Predicting Landfill Gas Generation and Settlement: A Review
134	Online	Mrs. Rosalin Dalai	Comprehensive Evaluation of Ground water Quality Status using GIS based Multivariate Statistical Techniques Approaches: A case study of the Anugul District, Odish.
138	Online	BISWAJIT ROUT	DEVELOPMENT OF ALKALI ACTIVATED MORTAR USING ALTERNATE ALKALI ACTIVATOR
139	Online	ROHIT RANJAN	STUDY THE BEHAVIOUR OF CORROSION AND MICROSTRUCTURAL PROPERTIES OF AAC AND OPC
3	Online	Batchu Ramanjaneyulu	Effect of Plastic Waste on UCS, CBR and Swelling Characteristics of Fly Ash Stabilized Clay Soil
11	Offline	Kamalakanta Sahu	The Influence of Groundwater Nitrate Contamination on Odisha State
114	Online	Krishma yadav	Exposure to particulate matter and its association with respiratory deposition doses among outdoor exercisers in Agra city over a semi-arid region
131	Offline	RAJAT PUNDLIK	Investigation of Electrolysis with macrophyte assisted Vermifilter (E-MAVF) for different effective electrodes in domestic wastewater treatment
43	Online	Anusuya Bhattacharyya	Nanosecond Pulse energized plasma with novel groundnut and pine waste for NOx curtailment in Diesel Engine Exhaust
176	Online	Laxmikanta Tripathy	Application of Environmental Indicators by FPOO

175	Offline	Dr. Ranjan Pradhan	Potential of capturing CO2 from oxygen plant.
174	Offline	Bandita Dash	Carbon footprint reduction potential of microalgal specie of Leptolyngbya/pseudophormidium at DRI based steel manufacturing industry via sequestration and bioenergy
177	Offline	Basanta Kumar Biswal	Bioretention Technology: A Nature-based Solution (NbS) for Management and Treatment of Stormwater in Cities
124	Offline	Amit Kumar Gupta	Recycling of Aluminium Dross in Smelter Plant,NALCO
178	Offline	Rushikesh Hiwrekar	Technologies for Treatment of Caprolactam Effluent from Chemical Fertilizer Industries: A Review
156	Offline	Sarbesh Bhattacharjee	Design and Analysis of a Voltage-Efficient DBD Reactor for Diesel Engine Exhaust Treatment Using High Voltage AC and Pulsed Voltage Excitation
179	Offline	Joydeepa Taran	Evaluating the impact of residence time on degree of carbonization of microalgal biomass through hydrothermal carbonization
